L'apparecchiatura è conforme ai requisiti richiesti dalla direttiva 2000/14/CE per la limitazione del rumore ambientale.

The equipment complies with the requirements of Directive 2000/14/EC for the limitation of environmental noise.

### Di serie

- Sistema di taglio professionale con lame in acciaio di altissima qualità
- Ruote imperforabili
- Setaccio di raffinazione regolabile
- Controlame
- Trasmissione a cinghia
- Protezioni antinfortunistiche conformi alla normativa CE

### Standard equipment

- Professional cutting system with steel blades of the highest quality
- Imperforable wheels
- Sieve of adjustable refining
- Counterblade
- Belt transmission
- Protective equipment as per EC safety rules

### Serienmässig

- Profi-Schneidsystem mit Klingen aus hochwertigem Stahl
- Pannenschutzräder
- Einstellbares Verfeinerungssieb
- Gegenklingen
- Riemenantrieb
- Unfallschutz nach EU-Vorschriften

### Estándar

- Sistema de corte profesional con hojas de acero de la más alta calidad
- Ruedas imperforables
- Tamiz de refinación ajustable
- Contracuchilla
- Transmisión por correa
- Protecciones de seguridad de acuerdo con la norma CE

### De série

- Système de coupe professionnel avec des lames en acier de la plus haute qualité
- Roues imperforables
- Tamis de raffinage réglable
- Contre-lame
- Transmission par courroie
- Protections contre les accidents aux normes CE
