Di serie

- Sistema di taglio professionale con lame in acciaio di altissima qualità
- Attacco a 3 punti cat. I-II
- Ruote imperforabili
- Setaccio di raffinazione regolabile
- Controlame
- Trasmissione a cinghia
- Protezioni antinfortunistiche conformi alla normativa CE

Standard equipment

- Professional cutting system with steel blades of the highest quality
- 3-point rear linkage cat. I-II
- Imperforable wheels
- Sieve of adjustable refining
- Counterblade
- Belt transmission
- Protective equipment as per EC safety rules

Serienmässig

- Profi-Schneidsystem mit Klingen aus hochwertigem Stahl
- Dreipunktanbaubock Kat. I-II
- Pannenschutzräder
- Einstellbares Verfeinerungssieb
- Gegenklingen
- Riemenantrieb
- Unfallschutz nach EU-Vorschriften

Estándar

- Sistema de corte profesional con hojas de acero de la más alta calidad
- Enganche de 3 puntos cat. I-II
- Ruedas imperforables
- Tamiz de refinación ajustable
- Contracuchilla
- Transmisión por correa
- Protecciones de seguridad de acuerdo con la norma CE

De série

- Système de coupe professionnel avec des lames en acier de la plus haute qualité
- Attelage à 3 points cat. I-II
- Roues imperforables
- Tamis de raffinage réglable
- Contre-lame
- Transmission par courroie
- Protections contre les accidents aux normes CE
